**The functions for the Reading pen English set:**

**1. point and read out:**

**SHENZHEN XUEZHIYOU TECHNOLOGY CO., LTD.**

Point and read out different languages. Point the national flags icons for switching the languages. No matter where you are or whenever you want to use it, it is always a good companion.

## **2. Full reading**

We can choose any first language and second language from the 14. We can see it on the pen display screen and press OK, back to the touch and read model, choose Full reading. Then the pen will read out from the beginning one by one in order in the 2 languages. Like Spanish and English, it will read Spanish first, then English for the same meaning of the Spanish, then the next one. Spanish reading pen is kindly accepted for the customization.

## **3. MP3:**

Choose the MP3 model and it will play the songs or any MP3 in the pen memory. And we can also connect the pen to the computer to copy any MP3 into it. It can be used as an MP3 player.

## **4. Digital recording:**

We can record our voice into the pen just in press the recording button on the pen. No matter the learning processes or the happy things or important things need to remembered in our daily life.

## **5. Downloading and updating**

If we have any new book to be used with the pen, we can update the new date into the pen via USB connecting to the computer. The pen can be used as pen drive with memory inside. We can store anything into the pen.
